Effective Fall 2014

---

1. In addition to high school prerequisites, these courses must be completed with a grade of "C" or higher before applying to the Nursing Program. These courses are included in the total number of credits required for the A.A.S. in Nursing Degree.

2. Must be taken within ten years of application to the Nursing Program.

3. Students eligible for the LPN to RN Articulation Program, must complete BIO 142 with a grade of "C" or higher before applying to the Nursing Program.

**NOTE:** HLT 138 is required for the A.A.S. Nursing Degree. It is not required for the completion of the Pre-Nursing Career Studies Certificate. Students intending to pursue a bachelor's degree may opt to complete HLT 230 instead of HLT 138. Additional information relevant to this program is available in the catalog represented by the year posted at the top of this worksheet.

The grade point average is determined by dividing the total number of grade points earned by the total number of credits attempted. (Developmental credits are not included in this computation.) Grade points are computed by multiplying the number of credits completed by the points for the grades earned. For example, BIO 102 (4 credits), the student earned a B (3 points) = 12 grade points.

A = 4 grade points per credit.
B = 3 grade points per credit
C = 2 grade points per credit
D = 1 grade point per credit
F = 0 grade points

Additional information relevant to this program is available in the catalog represented by the year posted at the top of this worksheet.

GPA AND CREDIT CALCULATIONS POSTED TO THIS AUDIT SHEET ARE UNOFFICIAL. PLEASE REVIEW YOUR TRANSCRIPT FOR YOUR OFFICIAL GPA AND CREDIT.
